

# NYSCRI Psychopharm Psychotherapy Note

Enter the following information to complete a Psychopharmacology progress note:

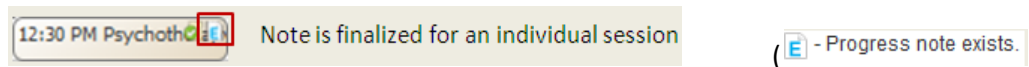

1. Enter Client name and program.
2. Progress Note For:
  - a. Select “Existing Appointment” to write the note against the appointment on the calendar, whether or not the client attended.
  - b. Select “Independent Note” to record non-billable notes relative to the client, but not related to a service provided for the client. (Enter the date and details in the “Intervention(s) / Method(s) Provided” field.)
3. Select Note Type (Discipline) – *Psychiatric or Doctor/NPP*
4. Select the appropriate appointment from **Note Addresses Which Existing Service/Appointment**.
5. Date of Service, Time, Duration, and Service Code automatically populate.
6. Select appropriate options and enter content in the NYSCRI Information, Individual’s Condition, Risk Assessment, and Intervention(s) / Methods(s) sections.
7. Choose Final.
8. Click File Note.

- View progress notes from the home screen in the Progress Notes widget:
